

# College of Engineering, Construction and Living Sciences Bachelor of Information Technology

IN608: Intermediate Application Development Concepts Level 6, Credits 15

### **Practicals**

### Assessment Table

| Assessment<br>Activity                     | Weighting | Learning<br>Outcomes | Assessment<br>Grading Scheme | Completion<br>Requirements |
|--|-----------|----------------------|------------------------------|----------------------------|
| Practicals                                 | 20%       | 1                    | CRA                          | Cumulative                 |
| Django & OpenTDB API                       | 50%       | 1, 2                 | CRA                          | Cumulative                 |
| Django REST Framework, React & OpenTDB API | 30%       | 1, 2                 | CRA                          | Cumulative                 |

### Conditions of Assessment

This assessment will need to be completed by Monday, 2 November 2020 at 5pm.

#### Pass Criteria

This assessment is criterion-referenced with a cumulative pass mark of 50%.

#### **Submission Details**

You must submit your program files via **GitHub Classroom**. Here is the link to the repository you will be using for your submission – https://classroom.github.com/a/2Hnb0QIq.

### Authenticity

All parts of your submitted assessment must be completely your work and any references must be cited appropriately.

### Policy on Submissions, Extensions, Resubmissions & Resits

The school's process concerning **Submissions**, **Extensions**, **Resubmissions** and **Resits** complies with Otago Polytechnic policies. Students can view policies on the Otago Polytechnic website located at https://www.op.ac.nz/about-us/governance-and-management/policies.

### **Extensions**

Please familiarise yourself with the assessment due dates. If you need an extension, please contact your lecturer before the due date. If you require more than a week's extension, a medical certificate or support letter from your manager may be needed.

#### Resubmissions

Students may be requested to resubmit an assessment following a rework of part/s of the original assessment. Resubmissions are completed within a short time frame (usually no more than 5 working days) and usually must be completed within the timing of the course to which the assessment relates. Resubmissions will be available to students who have made a genuine attempt at the first assessment opportunity. The maximum grade awarded for resubmission will be C-.

### **Learning Outcomes**

At the successful completion of this course, students will be able to:

- 1. Demonstrate sound programming by following design patterns and best practices.
- 2. Design and implement full-stack applications using industry relevant programming languages.

## Assessment Overview - Learning Outcomes 1

In this assessment, you will complete a series of programming tasks covering the lecture & resource material.

| Topic   | Weighting    | Due Date          |
|---|--------------|-------------------|
| Python 1: Abstract Data Types & OOP Recap           | 0.5%         | 03-08-2020 at 5pm |
| Python 2: More Abstract Data Types                  | 0.5%         | 03-08-2020 at 5pm |
| Python 3: Functional Programming                    | 1%           | 10-08-2020 at 5pm |
| Python 4: In-Built Functions & SOLID                | 1%           | 10-08-2020 at 5pm |
| Python 5: Exceptions & Automation Testing           | 1%           | 17-08-2020 at 5pm |
| Python 6: Concurrency & Parallelism                 | 1%           | 17-08-2020 at 5pm |
| Django 1: Route, Model & Admin Site                 | No Weighting |                   |
| Django 2: View & Template                           | 1%           | 24-08-2020 at 5pm |
| Django 3: Forms & Class-Based Views                 | 1%           | 31-08-2020 at 5pm |
| Django 4: Template Inheritance, Static Files & CDNs | 1%           | 31-08-2020 at 5pm |
| Django 5: Automation Testing                        | 1%           | 07-09-2020 at 5pm |
| Django 6: Authentication                            | 1%           | 07-09-2020 at 5pm |
| Django 7: Security                                  | No Weighting |                   |
| Django 8: Django REST Framework                     | 1%           | 14-09-2020 at 5pm |
| Django 9: Deployment                                | 1%           | 21-09-2020 at 5pm |
| React 1: Create-React-App & JSX                     | No Weighting |                   |
| React 2: Components & Props                         | 1%           | 28-09-2020 at 5pm |
| React 3: State & Lifecycle Methods                  | 1%           | 28-09-2020 at 5pm |
| React 4: Events & Conditional Rendering             | 1%           | 12-10-2020 at 5pm |
| React 5: Lists & Keys                               | 1%           | 12-10-2020 at 5pm |
| React 6: Forms                                      | 1%           | 27-10-2020 at 5pm |
| React 7: Async/Await                                | 1%           | 27-10-2020 at 5pm |
| React 8: Parcel                                     | 1%           | 02-11-2020 at 5pm |
| React 9: Automation Testing                         | 1%           | 02-11-2020 at 5pm |
| React 10: Deployment                                | No Weighting |                   |
