

# College of Engineering, Construction and Living Sciences Bachelor of Information Technology

IN608: Intermediate Application Development Concepts Level 6, Credits 15

### **Practicals**

### Assessment Table

Assessment Activity	Weighting	Learning Outcomes	Assessment Grading Scheme	Completion Requirements
Practicals	20%	1	CRA	Cumulative
Django & OpenTDB API	50%	1, 2	CRA	Cumulative
Django REST Framework, React & OpenTDB API	30%	1, 2	CRA	Cumulative

### Conditions of Assessment

This assessment will need to be completed by Friday, 30 October 2020.

#### Pass Criteria

This assessment is criterion-referenced with a cumulative pass mark of 50%.

### **Submission Details**

You must submit your program files via **GitHub Classroom**. Here is the link to the repository you will be using for your submission – <a href="https://classroom.github.com/a/2Hnb0QIq">https://classroom.github.com/a/2Hnb0QIq</a>. For ease of marking, please submit the marking sheet with your name & student id number via **Microsoft Teams** under the **Assignments** tab.

### Authenticity

All parts of your submitted assessment must be completely your work and any references must be cited appropriately.

### Policy on Submissions, Extensions, Resubmissions & Resits

The school's process concerning **Submissions**, **Extensions**, **Resubmissions** and **Resits** complies with Otago Polytechnic policies. Students can view policies on the Otago Polytechnic website located at https://www.op.ac.nz/about-us/governance-and-management/policies.

### **Extensions**

Please familiarise yourself with the assessment due dates. If you need an extension, please contact your lecturer before the due date. If you require more than a week's extension, a medical certificate or support letter from your manager may be needed.

#### Resubmissions

Students may be requested to resubmit an assessment following a rework of part/s of the original assessment. Resubmissions are completed within a short time frame (usually no more than 5 working days) and usually must be completed within the timing of the course to which the assessment relates. Resubmissions will be available to students who have made a genuine attempt at the first assessment opportunity. The maximum grade awarded for resubmission will be C-.

### **Learning Outcomes**

At the successful completion of this course, students will be able to:

- 1. Demonstrate sound programming by following design patterns and best practices.
- 2. Design and implement full-stack applications using industry relevant programming languages.

## Assessment Overview - Learning Outcomes 1

In this assessment, you will complete a series of programming tasks covering the lecture & resource material.
